

Total No. of Printed Pages: 2

SUBJECT CODE NO: RNP-8014
FACULTY OF SCIENCE AND TECHNOLOGY
F.E. (Group A & B) Mech / Civil / CSE / AI & ML / EEE (NEP) Sem - II
Examination June/July 2025
Programming for Problem Solving

[Time: 2 Hours]**[Max. Marks: 30]**

N. B

Please check whether you have got the right question paper.

1) Q.no. 1 is compulsory.

2) Solve any TWO questions from Q.no. 2, 3, 4 and 5

SECTION A**Q1 Solve any Five****10**

A. What will be the output of the following arithmetic expression?

$$5+3*2\%10-8*6$$

- a) -37 b) -42 c) -32 d) -28

B. The continue statement cannot be used with _____

- a) for b) while c) do while d) switch

C. What is a function in C?

- a) A variable b) A block of code that performs a task
 c) A constant d) A header file

D. Which keyword is used to define a structure in C?

- a) class b) struct c) union d) define

E. If block is always needed to be associated with else block

- a) True b) False

F. What will the following code do?

```
int i= 10;
while (i < 5)
{
printf("Hello");
}
```

- a) Print "Hello" once
 b) Print "Hello" 5 times
 c) Infinite loop
 d) Nothing

G. What is an algorithm?

- a) A step-by-step procedure for solving a problem
 b) A hardware component in a computer
 c) A debugging tool
 d) A type of programming language

SECTION B

- Q2** A. Explain types constants in C. Also write rules for writing Integer, real and character constant. **5**
B. Describe use of arithmetic and relational operators in C. **5**
- Q3** A. Differentiate between structure and union. **5**
B. Define Strings. Also describe any three built-in string library functions in C with example. **5**
- Q4** A. Which are different loops in C. Explain any one in detail with syntax and example. **5**
B. Write syntax of if else if statement also write program to read no. of day of the week and display day name **5**
- Q5** A. Explain Function call by value. Also write C program to swap two numbers using function call by value **5**
B. Define array what are various types of array. Give syntax of any two of them. **5**
