FACULTY OF SCIENCE AND TECHNOLOGY
S.E (EEE / EE / EEP) (NEP) Sem - III

Examination November / December 2025 (To be held in February-2026)

Electrical Measuring Techniques

[Time: 2 Hours]**[Max. Marks: 30]**

Please check whether you have got the right question paper.

N. B

- 1) Part A: Question No 1 is compulsory.
- 2) Attempt any four questions from remaining Part B: Q.2 to Q.7.

PART –A

Q1 Solve any 5 following questions**2x5=10**

A) The instrument used to measure electric current is called a.....

- | | |
|--------------|-------------|
| a) Voltmeter | b) Ammeter |
| c) Wattmeter | d) Ohmmeter |

B) The unit of electrical resistance is.....

- | | |
|---------|-----------|
| a) Volt | b) Ampere |
| c) Ohm | d) Farad |

C) The internal resistance of an ideal voltmeter is.....

- | | |
|--------------|-------------|
| a) Zero | b) Very low |
| c) Very high | d) Infinite |

D) In analog meters, the pointer of ampere deflection is proportional to.....

- | | |
|-----------------|---------------------------|
| a) Voltage only | b) Current only |
| c) Power | d) Electromagnetic torque |

E) Which instrument works on the principle of electromagnetic induction?

- | | |
|-----------------|--------------|
| a) Ammeter | b) Voltmeter |
| c) Energy meter | d) Ohmmeter |

F) A multimeter can measure.....

- | | |
|---------------|---------------------|
| a) Voltage | b) Current |
| c) Resistance | d) All of the above |

G) A clamp meter measures current using.....

- | | |
|----------------------------------|------------------------------------|
| a) Direct contact with conductor | b) Magnetic field around conductor |
| c) Heat generated | d) Voltage difference |

PART-B

Solve any four from the following

Q. 2 Explain different types of standards used in measurement system.

05

Q. 3 Differentiate between MI & MC instruments.

05

- Q. 4 Draw and explain block diagram of digital Voltmeter? **05**
- Q. 5 Explain classification of transducers in detail. **05**
- Q. 6 Draw construction and explain working of single-phase energy meter. **05**
- Q. 7 Difference between CT & PT **05**
