N. B

Please check whether you have got the right question paper.

1) Part A: Question No. 1 is compulsory.

2) Answer any four questions from remaining Part B: Q2 to Q7.

**Part A****Q1 Answer the following questions.****10**

1. Fineness test taken for?
 

|           |           |
|-----------|-----------|
| a. Cement | b. Steel  |
| c. Glass  | d. Rubber |
2. Which bond is used for thick walls in masonry?
 

|                 |                   |
|-----------------|-------------------|
| a. English bond | b. Stretcher bond |
| c. Header bond  | d. Flemish bond   |
3. For angular measurements which instrument is used in surveying?
 

|                |                  |
|----------------|------------------|
| a. Dumpy level | b. Metallic tape |
| c. Compass     | d. Plumb bob     |
4. Which bond has alternate headers and stretchers in the same course?
 

|                   |                 |
|-------------------|-----------------|
| a. English Bond   | b. Flemish Bond |
| c. Stretcher Bond | d. Header Bond  |
5. Which term defines the vertical support in a window frame?
 

|            |           |
|------------|-----------|
| a. Jamb    | b. Sill   |
| c. Mullion | d. Lintel |

**B) Answer the following (any five)****10**

1. Define Fore bearing.
2. Define Fine Aggregate.
3. Write properties of Cement.
4. List two types of foundations.
5. What is English bond?
6. Define lintel.
7. Define king post truss.
8. Name two instruments used for linear measurement.

**Part B****Answer any four from the following**

- Q2** a. Explain the properties and uses of Aggregates. **05**  
 b. Differentiate between coarse and fine aggregates. **05**
- Q3** a. Describe the different pile foundations with neat sketches. **05**  
 b. Define foundation. Write functions of foundations. **05**
- Q4** a. Explain English bond with neat sketches. **05**  
 b. Explain different types of brick bonds with their uses in construction. **05**
- Q5** a. Explain the classification of windows with neat diagrams. **05**  
 b. Write short notes on battened and braced doors. **05**
- Q6** a. Write a short note on components of floors. **05**  
 b. Write short note on king post. **05**
- Q7** The following consecutive reading were taken with dumpy level and 4m staff on a continuously sloping ground 1.65, 1.92, 2.5, 1.6, 1.85, 2.15, 2.50, 2.10, 2.68, 2.90. The instrument was shifted after taking 4th and 6th reading. Calculate R.E.S of all the points. If R.L. of B.M. 140.00 m. **10**
